WEAR JEANS WITH A
PURPOSE**

Why Denim? Less than a decade ago, Italian judges did not convict a rapist because the victims wore jeans. This irresponsible action was the catalyst for Denim Day LA, a day where supporters wear jeans to take a stand against rape, sexual assault, and dating violence. On April 27, join Peace over Violence in LA, RAINN, and over 300,000 other supporters nationwide in wearing denim to show your awareness of the issue of sexual assault. For more information and ways to participate, we encourage you to visit denimdayinla.org or email info@denimdayinla.org.
